KEYNOTE SPEAKER, MIKE DEVONO Teaching Writing With Spice!

Plan ahead and join us at our 5th Annual Gifted & Talented Learning Fair and witness dynamic Keynote Speaker, **Mike Devono** demonstrate how to identify and apply core curriculum skills needed to teach and enhance writing abilities in grades two to twelve. Many of the techniques used were designed through years of practical use and have been proven successful by Mike's student's ESPA, GEPA and NJASK scores.

Testimonials from educators who attended Mike's Workshops

"This was the most meaningful workshop I have attended in a long time, and I thought it would be a waste of my time when I was assigned. I stand corrected. Thanks-it was fun!"

"Very engaging presenter, with many practical examples"

"I have used SPICE in the classroom and the children are picking it up and their writing is getting better".

Presenter, Susan Bitters

In addition, **Susan Bitters'** 30 years experience in preparing students for attendance and participation for Model Congress will be shared. Susan will show you how her students prepared for bill writing as they research persuasive speech writing, parliamentary procedure and lobbying techniques.
